Karbons launches 4G-enabled phone priced at ₹7,990

Adding to its portfolio of affordable smartphones, Karbons Mobiles has introduced its latest 4G-enabled handset- Karbons Quattro L50 HD- with its own Kandy UI custom Android skin.

The Karbons Quattro L50 features a 5-inch HD IPS display and under its hood is a 1.3GHz Quad core processor coupled with 2 GB of RAM and 16 GB of internal storage. It allows for storage expansion up to 32 GB via microSD card.

The phone further comes with a 13 megapixel rear camera with AF and flash combined with a 5 megapixel

front snapper. It supports dual SIM and draws its juice from a 2600mAh battery.

Quattro L50 HD is available in three colour choices including - Coffee, Blue and Black. It has been priced at ₹ 7,990.
