

GDP growth to rise to 7.1% in Q4 of FY17: Icra

DOMESTIC RATINGS

agency Icra on Thursday said it expects GDP growth to rise marginally to 7.1% for the fourth quarter on a gradual remonetisation, up from the preceding quarter's 7%. However, when compared on a year-on-year basis, it will be far slower than the 8.4% registered in January-March 2016.
