

CompanyIndex

Capital Market subscribers can see Corporate Scoreboard of 8000+ companies with daily prices and P/E updated by 8 pm at www.subscribers.capitalmarket.com

The numbers in brackets after the companies indexed here are the industry numbers in the corporate scoreboard where the companies will be found. Where prices of a company are taken from stock exchanges other than Bombay, the stock exchange is indicated in brackets after the name of the company. Beta and BSE Ticker code of the companies listed on BSE have been given opposite the name of the company. Beta: Calculated based on one-year data, Beta indicates how sensitive the scrip is vis-à-vis the BSE Sensex. Beta of 1 indicates that the rise and fall in the scrip price mirrors the rise and fall in BSE Sensex. Beta of less than 1 indicate that the scrip movements are less sensitive to BSE Sensex and Beta of more than 1 indicate that the scrip movement is more sensitive to movement in BSE Sensex and the scrip's rise and fall may be disproportionately larger than the rise and fall in Sensex.
