

Booster Dose Not Enough: ICRA

New Delhi: The government's ₹25,000-crore fund to complete about 1,500 stalled affordable and mid-income housing projects is not adequate, credit rating agency ICRA said on Thursday. India Rating and Research said with stalled projects coming on stream, the demand-supply imbalance is likely to worsen. If demand does not witness a recovery, pricing pressure in the sector is likely to be exacerbated, it added. - PTI
